Why you need dental insurance in retirement.

Medicare doesn't pay for dental care.!

As good as Medicare is, it was never meant to cover everything. If you want protection, you need to purchase individual insurance.

Early detection can prevent small problems from becoming expensive ones.

The best way to avoid large dental bills is preventive care. Experts recommend checkups twice a year.

Previous dental work can wear out.

Your odds of having a dental problem only go up as you age.?

Treatment is expensive — especially the services people over 50 often need.

Unexpected bills, like \$190 for a filling, or \$1,213 for a crown³ can be a real burden, especially if you're on a fixed income.

OH, HOLY SPIRIT SHOW US TO LOVE
Lord, The Holy Spirit is like the wind, it comes in strong but gentle and settles into our heart and soul. It lands with Grace to show us that God is pure love. At times we find ourselves listening to in a world of distractions where evil intentions tend to blind us within our souls. Do not be a foolish man who is drawn into hatred. Let the Holy Spirit show you the way to Gods love. His guidance will conquer all. The more we love and understand the Gospel of the Lord. The closer we will be together as brothers and sisters in Jesus Christ name. Lord, we need your love to live in this world with hatred at our door. May you keep the Holy Spirit in our heart and soul to guide us, to show us to spread the love you show us everyday of our lives.
