THE NEED OF LOVE
Lord, the need of love is everywhere and it could only be found in Gods heart. The love of our saviour, our king, our heavenly father was given the day Jesus was sacrificed for our sins. First off, loving God is paramount. Jesus himself commands us to (love the Lord your God with all your heart and with all your soul and with all your mind and strength) "Mark 12:30." Love is not a choice, it is a direct order from Jesus. God is there for us forever and ever, for the rest of our lives and eternity. How could we find God's heart of love? Turn to the Holy Spirit, he will guide us on Earth and into Paradise. As the sun shines during the day and the stars shine at night we know love puts us in the light. Besides, love makes us recognizable as disciples of Jesus. John 13:35 says, (by this all will know that you are my disciples, if you have love for one another." Our love for each other is like a badge, showing the world we belong to God. Truly live out our Faith for love bears, endures, believes, and hopes all things. One day we will shine with love like a star up above in heaven. Remember to love God is to put him first, above everything else.

God bless the Unborn Children

Why you need dental insurance in retirement.

Medicare doesn't pay for dental care.¹

As good as Medicare is, it was never meant to cover everything. If you want protection, you need to purchase individual insurance.

Early detection can prevent small problems from becoming expensive ones.

The best way to avoid large dental bills is preventive care. Experts recommend checkups twice a year.

Previous dental work can wear out.

Your odds of having a dental problem only go up as you age.²

Treatment is expensive — especially the services people over 50 often need.

Unexpected bills, like \$190 for a filling, or \$1,213 for a crown³ can be a real burden, especially if you're on a fixed income.

When you're comparing plans ...

► Look for coverage that helps pay for major services.

► Look for coverage with no deductibles.

► Shop for coverage with no annual maximum on cash benefits.

Simply put – without dental insurance, there may be an important gap in your healthcare coverage.
